

2022 Cabernet Sauvignon Pink Napa Valley

WINEMAKING NOTES

FRUIT 100% Cabernet Sauvignon

VINEYARD The Cabernet Sauvignon for this wine was selected from a range of different vineyards throughout the Napa Valley, highlighting a variety of appellations and micro-climates.

HARVEST Harvest Dates: 8/22/22 - 9/23/22
Average Brix at Harvest: 24.8

WINEMAKING The Cabernet juice was drained from selected lots of freshly crushed grapes. Small lots were fermented at cool temperatures in stainless-steel tanks and stainless-steel barrels. A variety of different yeast strains were used to enhance the fruit characters and texture. Aged on light lees in stainless steel for 3 months with regular stirring. Bottled January 31, 2023

TASTING NOTES Luscious and layered, this Rose is infused with a mélange of fruit and floral characters. Honeydew and watermelon, strawberry, honeysuckle and a hint of beeswax. The surprisingly creamy mid-palate is balanced with bright acidity and a lengthy finish. Enjoy with spring and summer fare on a sunny afternoon or taking in a sunset.

DONATION We donate 10% from the sale of each bottle of Cabernet Sauvignon Pink to aid in the fight against breast cancer. Enjoy!
